

## FamilySearch Catalog Scavenger Hunt Part II

---

1. What does the FamilySearch Catalog abbreviation S.I. mean? (Hint: ask Google where to find FamilySearch catalog abbreviations.)

### Places Search

2. How many entries are there for cemetery records in Philadelphia, Philadelphia, Pennsylvania?
  - a. What are the film numbers for the items that have cemetery records for Jewish cemeteries in Philadelphia?
    - i. Are any of these items available at local libraries here in Pensacola?
3. Do a Place Search for **Ontario** in the "Place" field. The Place Search Results screen should list several places with the name Ontario in them. Some will be a province/state, some will be a county, and some will be a town/township. You can tell which is which by their position in the line. If Ontario is first on the line it is a province (or state). If Ontario is second on the line it is a county. If Ontario is the third phrase on the line it is a town or township. Look at the following list and decide whether each line is for a Province, a County, or a Town. After each line on the following list write **P** for Province, **C** for County, and **T** for Town.
  - a. Ontario
  - b. California, San Bernardino, Ontario
  - c. New York, Ontario
  - d. New York, Wayne, Ontario
